

Direct your next letter to Breckinridge Man Jerry
please write without delay write to me about
how Charley is getting along and whether you
ever got Murray home from Hobsons or not
I wrote to you about this but you did not
answer me and I therefore do not know whether you
got her or not - You must think that
I have no interest in these things or else
you would have written about them

Anna did Mark McKham give you the small
 nuggets of gold which I sent you by Train
